**Re: WC Docket No. 14-58
2016 ETC Annual Report of Tohono O'odham Utility Authority
Study Area Code 452173**

Dear Ms. Dortch:

On behalf of Tohono O'odham Utility Authority ("Company"), JSI files the attached confidential version of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission's rules.¹ Company seeks confidential treatment under Protective Order for section 54.313(f)(2) financial information.² The redacted version is being filed this date via the FCC's Electronic Comment Filing System. In addition, attached is a letter requesting confidential treatment under Sections 0.457 and 0.459 of the Company's Five-Year Service Quality Improvement Plan Progress Report required by Section 54.313.³

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall
JSI Vice President
301-459-7590

**Re: WC Docket No. 14-58
2016 ETC Annual Report of Tohono O'odham Utility Authority
Study Area Code 452173
Request for Confidentiality**

Dear Ms. Dortch:

John Staurulakis, Inc. ("JSI"), on behalf of its client Tohono O'odham Utility Authority (the "Company") hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission's rules,¹ withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).²

1. The information for which the Company is seeking confidential treatment is an attachment to the Company's annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission's rules ("Report").³
2. Pursuant to Section 54.313, Rate-of-Return Eligible Telecommunications Carriers ("ETCs") must file with the Commission a Progress Report on its Five-Year Service Quality Improvement Plan ("Progress Report") which is contained in the attachment to the 2016 Report.⁴
3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company's Progress Report provided at FCC Form 481 Line 112 attachment. Information of this nature is confidential commercial information routinely withheld from public inspection.

¹ 47 C.F.R. §§ 0.457, 0.459.

² 47 C.F.R. § 0.459(b)(1) through (9).

³ 47 C.F.R. §§ 54.313, 54.422.

⁴ 47 C.F.R. §§ 54.313.

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its *March 5, 2013 Order*, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories."⁵ The Company's Progress Report updates this information as well as provides maps and detailed information as to whether or not network improvement objectives were achieved at the wire center level. Accordingly, because the Company is a rate-of-return carrier, it must file Progress Reports which contain proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 112 attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.
6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing

⁵ See *Connect America Fund et al.*, WC Docket 10-90 *et al.*, Order, DA 13-332 (rel. Mar. 5, 2013) ("*March 5, 2013 Order*") at para 9 citing Section 54.202(a) (1) (ii).

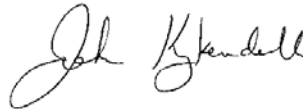

the attachment under seal. The Company uses the information contained in the Progress Report to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.

7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. Not applicable.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Progress Report provided at FCC Form 481 Line 112 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

John Kuykendall
JSI Vice President

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.	Name of Attached Document Listing Required Information	
---	--	--

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481.	Name of Attached Document Listing Required Information	
--	--	--

4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area.	Name of Attached Document Listing Required Information

REDACTED – FOR PUBLIC INSPECTION

ATTACHMENT - LINE 112

**Five-Year Network Improvement Plan and
Progress Report**

ATTACHMENT REDACTED IN ENTIRETY

Certification for TOUA

Demonstration of Compliance with Applicable Service Quality Standards and

Consumer Protection Rules:

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The Commission found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement” and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”⁴

Tohono O’Odham Utility Authority (“TOUA” or the “Company”) hereby certifies that it is complying with applicable service quality standards and consumer protection rules. As a tribally owned company, TOUA operates under the service quality standards and customer protections that are established by its Board of Directors, which is comprised of tribal members and utility business professionals. The Board receives monthly reports on outages, held orders and complaints. The topics are discussed as appropriate for each report.

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) (“*2005 ETC Order*”).

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: “(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy.” *Id.* at n. 71.

⁴ *Id.* at n. 72.

Although TOUA is not under the jurisdiction of any state commission, the Company has developed a Local Exchange Tariff which contains consumer protection standards which are similar to those required by state commissions for the telecommunications carriers that are under state jurisdiction. Other obligations include, but are not limited to, truth-in-billing requirements; and CPNI, Red Flag Rules and other applicable federal requirements governing the protection of customers' privacy.

The Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3. The Company furthermore will comply with all requirements set forth in the *2015 Open Internet Order* when it becomes effective.

Certification for TOUA

Demonstration of Ability to Function in Emergency Situations

Tohono O’Odham Utility Authority (“TOUA” or “Company”) hereby certifies that it is able to function in emergency situations as set forth in §54.201(a)(2).¹ The Company’s voice and broadband network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. TOUA’s local network consists of three exchanges and a fiber optic and microwave backbone to Tucson, Arizona where it connects with Qwest. TOUA has a limited ability to reroute traffic around damaged facilities and has a restoration plan in place to restore any disruption in service expeditiously. The Company complies with the FCC's backup power requirements, effective October 16, 2015.

¹ Section 54.201(a)(2) requires ETCs that are designated by the Commission to “demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.”

Tohono O'odham Utility Authority

2015 Tribal Government Engagement Report

The Tohono O'odham Utility Authority ("TOUA") is an enterprise of the Tohono O'odham Tribe ("Tribe"), established by the Tribe's Legislative Council in 1970, by Resolution No. 18-70 approving the Plan of Operation for TOUA.

TOUA currently operates in accordance with the requirements of the Second Restated Plan of Operation ("Plan of Operation"), approved by the Tribe's Legislative Council, by Resolution No. 328-90. The Plan of Operation defines TOUA's purpose and establishes a Management Board to direct the purpose, subject to applicable laws and regulations of the Tribe. In accordance with the Plan of Operation, The Management Board consists of seven Directors, three of which are required to be members of the Tribe. The other four Directors must have business management experience and three of them must have experience in management and operations of a utility business.

The Plan of Operation empowers that Management Board to establish business plans to provide utility services to the Tribe, within the boundaries of the reservation, to establish policies, rules and regulations for service. It also empowers the Management Board to adopt rates and charges for utility services and requires a public hearing on rates and charges if requested by petition, filed by five percent (5%) of the affected customers.

The Plan of Operation grants TOUA, subject to all applicable federal laws and the laws of the Tribe, the right to use any franchise, right, permit, privilege, easement or right of way standing in the name of or granted to the Tribe in conjunction with the utility systems, lines or facilities furnishing, electric, gas, water, sewer, telephone or cellular service.

The Plan of Operation requires that the Chairperson of the Management Board and the General Manager appear before the Tribes Legislative Council to make an annual report. The presentation before the Legislative Council is broadcast over the Tribes radio station. TOUA's annual report provides information on the previous year's operations, including both financial and operational statistics. It also provides information on capital improvement projects that were completed and information on plans for the current year. As a part of the annual report, the General Manager responds to questions about the information provided in annual report and also addresses Council members concerns and questions about service issues and strategic planning issues.

In addition General Manager makes a separate presentation of the annual report to the Chairman and Vice Chairman of the Tribe during which they discuss service and planning concerns. Within the governance structure of the Tribe, the Legislative Council has various committees which have responsibility of oversight for various tribal departments and the Tribes enterprises. The purpose and membership of each committee is established by action of the Legislative Council and the committee membership is comprised of Legislative Council members. The Legislative Council Commerce Committee has oversight responsibilities for TOUA. The General Manager also meets independently with the Commerce Committee to present TOUA's annual report and discuss concerns share plans for the next year.

Throughout the year TOUA management meets with and coordinates planning and operational activities with various departments of the Tribe, as needed or required by tribal law and regulations. TOUA regularly works with the Tribes Reality Office on easement issues; collaborates with the Planning and Economic Development Department in developing economic development plans; Department of Information and Technology to address plans and service requirements for the Tribe's government offices, public safety and fire departments. TOUA also

works with the educational facilities on the reservation to develop telephone and broadband services needed to fulfill their requirements and improve the educational opportunities.

TOUA has a Public Relations staff person that is a member of the Tribe that helps to develop all promotional marketing material addressing any cultural sensitive issues. TOUA has 111 full time employees and over 80% are Native Americans and or members of the Tribe. The telephone Department has 32 employees, all of which are Native American.

LINK UP TERMS AND CONDITIONS

TRIBAL LINK UP

General

Tribal Link Up is a program designed to increase the availability of telecommunications services to low income subscribers residing on federally recognized Tribal lands by providing a credit to the non-recurring installation and service charges to qualifying residential subscribers.

Regulations

- A. Customers eligible under Tribal Link Up are also eligible for monthly recurring assistance under the Tribal Lifeline program following.
- B. One Tribal Link Up connection assistance is available per household and is applicable to the primary residential connection only.
- C. The Tribal Link Up credit is available a second or subsequent time only for otherwise qualifying commencement of telecommunications service at a principal place of residence with an address different from the address for which Tribal Link Up assistance was provided previously.
- D. To receive the credit, proof of eligibility must be provided prior to installation of service.
- E. The total tariffed charges for connecting service, including service and any other applicable installation charges, are considered in the credit calculation.

Eligibility

- A. To be eligible for a Tribal Link Up credit, in addition to meeting the tribal land residency requirement, the customer, a dependent, or a member of the household must be a current recipient of any of the following low income assistance programs.
 - 1. Temporary Assistance to Needy Families (TANF) or EMPOWER (Employing and Moving People Off Welfare and Encouraging Responsibility)
 - 2. Supplemental Security Income (SSI)
 - 3. Supplemental Nutrition Assistance Program (SNAP) or Nutrition Assistance
 - 4. Medicaid or Arizona Healthcare Cost Containment System
 - 5. Low-Income Home Energy Assistance Plan (LIHEAP)
 - 6. Federal Public Housing Assistance or Section 8
 - 7. National School Lunch Program's free lunch program
 - 8. BIA (Bureau of Indian Affairs) General Assistance

REDACTED FOR PUBLIC INSPECTION
TOHONO O'ODHAM UTILITY AUTHORITY
Highway 86, P.O. Box 816
Sells, Arizona 85634-0816

TRIBAL LINK UP (Cont'd)

Eligibility (Cont'd)

9. Tribally administered Temporary Assistance for Needy Families (TANF)
 10. Head Start Program (income eligible)
 11. Food Distribution Program on Indian Reservations
- B. Additionally, customers not receiving benefits under one of the preceding programs, and whose household's total gross annual income does not exceed one hundred and thirty-five percent (135%) of the Federal Poverty Guidelines, meet the requirements for eligibility.
- C. All applications for service are subject to verification of the qualifying program.

Certification

- A. Proof of eligibility in any of the qualifying low income assistance programs should be provided by the eligible Tribal Link Up subscriber to the Company at the time of application for service. The Tribal Link Up credit will not be established until the Company has received proof of eligibility. If the customer requests installation without proof of eligibility, the requested service will be provided without the Tribal Link Up credit.
- B. Each Tribal Link Up subscriber must provide documentation of income-based or program-based eligibility and certify in writing to the Company, under penalty of perjury, that s/he receives benefits under a program, and must on that same document, agree to notify the Company if s/he ceases to participate in the program(s) or to meet income eligibility requirements. The certification form shall conform to the requirements described herein, and shall be made available upon request to any subscriber. The Company shall retain all such subscriber certifications in order to furnish proof of subscriber eligibility as may be required from time to time by Universal Service administrators.
- C. The use or disclosure of information concerning enrollees will be limited to purposes directly connected with the administration of the Tribal Link Up program.

Credit

- A. The federal credit available for a Tribal Link Up connection is a one hundred percent (100%) reduction, up to one hundred dollars (\$100.00), of the customary charge for commencing telecommunications service for a single telecommunications connection at a subscriber's principal place of residence.
- B. Upon request, qualifying residents may also receive a deferred schedule of payments of up to two hundred dollars (\$200), and any interest charges associated with the connection charge shall be deferred for a period not longer than one (1) year.

LIFELINE TERMS AND CONDITIONS

TRIBAL LIFELINE

General

- A. Tribal Lifeline Assistance is a non-transferable retail service offering for which qualifying low-income subscribers pay reduced charges, as provided for below. Tribal Lifeline Assistance enables eligible subscribers to pay reduced charges for voice telephony service that includes the following services: voice-grade access to the public switched network; local usage; access to emergency services; and toll limitation.
- B. The Tribal Lifeline credit available to an eligible customer residing on TOUA tribal land is equal to the total federal support as established by the Federal Communications. The amount of credit will not exceed the charge for local service, which includes the access line, the Subscriber Line Charge and local usage.
- C. The Company shall apply the baseline payments received by the administrator of the federal Lifeline Assistance program to waive the qualifying customer's federal Subscriber Line Charge. The Company shall apply any additional federal support amount to the qualifying customer's basic local exchange service rate.
- D. The Tribal Lifeline Program reduction to voice telephony service shall apply only to residential service. Qualifying customers must subscribe to a generally available residential service plan or package that includes voice telephony service that is made available in the Company's service area.
- E. Partial payments that are received from Tribal Lifeline customers shall first be applied to voice telephony charges and then to any outstanding charges for additional services.
- F. Nothing in this Section shall prohibit a customer who is otherwise eligible for the Tribal Lifeline Program from obtaining and using telecommunications equipment and services designed to aid such customer in utilizing qualifying telecommunications services.
- G. Residents of the TOUA tribal land who are eligible to receive Tribal Lifeline are also eligible to receive Tribal Link Up assistance for service charges under Link up preceding.
- H. The Tribal Lifeline Program rate will not be available on a retroactive basis.

TRIBAL LIFELINE (Cont'd)

Eligibility and Certification Requirements

- A. To be eligible for Tribal Lifeline assistance, in addition to meeting the tribal land residency requirement, the customer, a dependent, or a member of the household must be a current recipient of any of the following low income assistance programs.
1. Temporary Assistance to Needy Families (TANF) or EMPOWER (Employing and Moving People Off Welfare and Encouraging Responsibility)
 2. Supplemental Security Income (SSI)
 3. Supplemental Nutrition Assistance Program (SNAP) or Nutrition Assistance
 4. Medicaid or Arizona Healthcare Cost Containment System
 5. Low-Income Home Energy Assistance Plan (LIHEAP)
 6. Federal Public Housing Assistance or Section 8
 7. National School Lunch Program's free lunch program
 8. BIA (Bureau of Indian Affairs) General Assistance
 9. Tribally administered Temporary Assistance for Needy Families (TANF)
 10. Head Start Program (income eligible)
 11. Food Distribution Program on Indian Reservations
- B. Additionally, customers not receiving benefits under one of the preceding programs, and whose household's total gross annual income does not exceed one hundred and thirty-five percent (135%) of the Federal Poverty Guidelines, meet the requirements for eligibility.
- C. Each subscriber to Tribal Lifeline must provide documentation of income-based or program-based eligibility and certify in writing to the Company, under penalty of perjury, that s/he receives benefits under a program outlined in paragraph A. above, and must on that same document, agree to notify the Company if s/he ceases to participate in the program(s) or to meet income eligibility requirements. The certification form shall conform to the requirements described herein, and shall be made available upon request to any subscriber. The Company shall retain all such subscriber certifications in order to furnish proof of subscriber eligibility as may be required from time to time by Universal Service administrators.
- D. A subscriber may elect at the time of subscription to Tribal Lifeline Assistance to receive toll restriction as part of Tribal Lifeline Assistance. "Toll Restriction" is a service that allows a subscriber to elect not to allow the completion of outgoing toll calls from the subscriber's residence.

Highway 86, P.O. Box 816
Sells, Arizona 85634-0816

TRIBAL LIFELINE (Cont'd)

Restrictions

Only one Tribal Lifeline Assistance credit is available per household.

Recertification

Customers must recertify on an annual basis that their household continues to qualify for the discounted service.

Credit and Collection

A. Credit References

The credit verification procedures used for all applicants who apply for service with the Company will also be used for applicants who apply for service under the Tribal Lifeline Program.

B. Deposits

The Company may not collect a service deposit in order to initiate Tribal Lifeline Assistance if the qualifying low-income subscriber voluntarily elects toll restriction from the Company, where available or if the qualifying low-income subscriber elects a calling plan that does not distinguish between toll and non-toll calls in its pricing. If toll restriction is unavailable, then the Company may charge a service deposit.

Service Connection Charges

A. Secondary Service charges do not apply to eligible customers with existing residential access line service when they convert to the Tribal Lifeline Program.

B. Service Connection Charges will apply when:

1. Existing eligible residential Local Exchange Service customers also convert to a different grade of eligible residential service and/or Optional Calling Services at the time the Tribal Lifeline Program billing is initiated.
2. A customer receiving Tribal Lifeline Program billing voluntarily elects to convert to telephone service arrangements which preclude Lifeline Program eligibility.

C. Any subsequent service changes after the initial connection to the Tribal Lifeline Program will be subject to the applicable tariffed Service Charges .

Tohono O’Odham Utility Authority (SAC 452173)

Response to Line 3010 – Milestone Certification (47 CFR §54.313(f)(1)(i))

Tohono O’Odham Utility Authority hereby certifies that throughout 2015, it took reasonable steps to provide upon reasonable request broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream, with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to comparable offerings in urban areas and that requests for such service are met within a reasonable amount of time. If a request for broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream is unreasonable, and offering broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream is reasonable, the Company offers broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream.
